INSPIRING DREAMS AND HOPES

Among the 36 programs funded by SHSEF is expansion of College Counseling services for students. **Nancy Rocha, MS**, is a credentialed College Advisor with a background in education and counseling. Ms. Rocha is focused on helping students and families make sense of the ever changing guidelines for college admissions, reducing stress and anxiety of the application process during a chaotic year, and supporting students throughout every step.

As the first in her family to attend college, Ms. Rocha believes in the power of education, and she inspires every student to dream and hope for a better future. She says, *"My goal is to have every student apply to college. There is an option for everyone."*
